## Model MM3SC

<b>Height (mm)</b>	560
<b>Width (mm)</b>	350
<b>Depth (mm)</b>	520
<b>Nett Capacity (ltr)</b>	23

Osborne Refrigerators Ltd have been established at our West Sussex base for over 50 years and we are the leading British manufacturer of refrigerators designed for the chilling and storage of cold beverages and food stuffs. As well as our standard range of cabinets, which are specified by leading breweries, drinks manufacturers and leisure companies across the world, we also produce a number of high quality cabinets designed for more specialist sectors such as medical use.

All our refrigerators use CFC-free polystyrene insulation and environmentally friendly R600a hydrocarbon refrigerant (R134a available to special order). All packaging is recyclable and the cabinets themselves can be efficiently recycled at the end of their life.

The Osborne range is always evolving, due to our commitment to constantly improve our products and also in response to specific customer requirements. We have built an enviable reputation for the quality and reliability of our refrigerators and we will never stop working to maintain that reputation.

### Details

Model MM3SC is a compact single door cabinet. It's size allows it to be situated almost anywhere, making it ideal for the convenient storage of small quantities of pharmaceutical products for example. It can also be supplied with a milk-delivery tube set to allow chilled milk to be pumped straight from inside the cabinet into a coffee machine. Manufactured from stainless steel with a stainless steel interior, the unit can be supplied with either a glass or solid door. The interior is fan-circulated for consistent cooling performance and the interior lighting is by LED for increased energy efficiency. The unit is supplied with an electronic temperature controller with a digital readout and can be also fitted with hi/low temperature and door-open alarms (to special order).

### **Features**

Automatic defrost and re-evaporation  
Fan assisted interior  
LED interior lighting  
Electronic temperature with digital readout  
Stainless steel construction throughout  
R600a hydrocarbon refrigerant

### **Options**

Glass or solid door  
R134a refrigerant  
Hi/low temperature alarms  
Door-open alarm  
Milk-delivery tube set  
Alternate voltages

### **Cabinet Specifications**

Model Number	MM3SC
<u>Physical Info</u>	
Height (mm)	560
Width (mm)	350
Depth (mm)	520
Nett Capacity (ltr)	23
Gross Weight Packed (kg)	30
<u>Technical Info</u>	
Voltage (V)	220-240
Frequency (Hz)	50 (or 60Hz on request)
Rated Power (W)	65
Refrigerant Type	R600a
Product Temperature Range (°C)	1-5
Insulation Type	Polystyrene, CFC Free
Insulation Thickness (mm)	37
